Bruce's Eddy clean-up project continues

Orofino, Idaho – Debris clean-up activities at Bruce's Eddy on the Dworshak reservoir will continue through Friday, Dworshak recreation officials announced. Boaters accustomed to using the ramps there may want to choose a different location from which to launch their watercraft.

Bruce's Eddy boat ramp number 2, the log-handling area and portions of the parking lot will be closed to public access through 5 p.m. June 18. Ramp number 1, the public restrooms and a small portion of the parking area will remain open for public use.

During the temporary closure, U.S. Army Corps of Engineers staffers will continue to remove debris from the reservoir at these locations. Dworshak officials encourage boaters to use the boat ramp at Big Eddy during the work period.

For more information, call the Dworshak Natural Resources office at (208) 476-1261.
